## Stronger Together

Speedway Children's Charities is more than just a fundraiser. Our eight chapters are partners in change, funding thousands of local organizations that help children directly with everything from cancer treatments to educational support to the basic need of a coat or a healthy meal.

Although priorities are set locally, we have one common goal: to ensure every child in need be given the tools to build a better, brighter and healthy future. As long as there is a need, Speedway Children's Charities will continue working to improve the lives of children.

To learn more about how you can help, visit [www.speedwaycharities.org](http://www.speedwaycharities.org).
